Cincinnati State's Environmental Club is joining the city-wide fight to clean up our community, and we're inviting you to come join us!

The **Litter Hack-A-Thon** is a volunteer-driven, three-day effort across Cincinnati's metropolitan area to tackle the build-up of refuse throughout our beloved city.

On April 7th we will be spreading throughout our area (the E McMillan St. block between Gilbert Ave [SR 22] and Kemper Ln) attempting to clean up all the trash we can see, and we would love your help to make it possible.

After scouring the block, we will be meeting up at Five Points Alley Park (2425 Gilbert Ave) for an Environmental Club Meeting and refreshments courtesy of **La Soupe**, a business known throughout Queen City for its steadfast and life-changing impact providing healthy meals for marginalized communities.

Please contact **Ann Fallon** if you wish to sign up at ann.fallon@cincinnatiastate.edu
